NGNE Update Feb 1st
Citation Context and
Provenance Scope Detection

Hu Ziping
Progress update: pre-requisite

1) machine learning basic concepts
2) feature representations in NLP
3) Pytorch & trochtext, spacy, nltk, sklearn
4) DL models like CNN, RNN, LSTM
5) A simple text classification model:
   - sentiment analysis on movie reviews
     dataset: IMDB
     training accuracy: 97.03%
     test accuracy: 88.26%
Incoming weeks plan

Working on the dataset of the project.

Q: No clear idea about the solution
